May 16, 2025

Dear Bowie State University National Alumni Association (BSUNAA) Family,

To follow up on recent conversations with the university, I'm pleased to share that we've had a positive initial discussion about our future partnership that will benefit both the university and BSU students.

While the formal operational process is still being determined, I'm hopeful these talks are a step forward for both BSUNAA and the university. Realigning our focus after past tensions will take time, but BSUNAA, Alumni Engagement, and the administration are committed to working together to increase alumni engagement. We will remain open to adjustments as our partnership evolves, and I will keep you updated.

I'm also pleased to share that I will represent BSUNAA as a platform guest at the 2025 Spring Commencement.

Thank you for your ongoing commitment to BSU and BSUNAA and your patience as we work to strengthen our National Alumni Association's support for the university's growth and sustainability.

It will take all of us!

With Bulldog Pride,

Dr. Stephanie Overton Stanard
President, Bowie State University National Alumni Association
